SITE VISIT REPORT EPA REGION 4 (AL, FL, MS)

City of Gulf Shores Beach Area Collection Area, City of Gulf Shores, Alabama

On June 12, 2010, EPA Waste Monitoring Group Supervisor visited several collection points located along beach of the City of Gulf Shore, Alabama. The EPA Waste Monitoring Group Supervisor observed that most of the crude contaminated debris roll-off containers were not lined and not covered. The Waste Monitoring Group Supervisor instructed the Site Manager to use liners for the crude contaminated roll-off containers and keep the containers close. In addition, EPA OSC visited debris collection point located at the Perdido Beach in Alabama. The EPA OSC observed crude contaminated debris roll-off containers were not lined, not covered, and crude contaminated debris was on the ground. The Waste Monitoring Group Supervisor discussed the collection area concerns with the EPA IC and forwarded the collection areas concerns to BP. Private security guard is providing 24 hour security at this location.

Two roll-off containers of crude contaminated debris. Both containers were not covered and one container did not have liner.
